## COVID-19 INFORMATION

### Guidance for visiting Waggoner's Gap Hawkwatch

- ♦ Waggoner's Gap Hawkwatch is currently open to the public.
- ♦ Before traveling to Waggoner's Gap, check the state and county policies for travel restrictions. If the guidelines recommend staying at home, then please do so!
- ♦ If you feel sick, have a fever, or have been exposed to other people that are sick, then please do not visit Waggoner's Gap.
- ♦ Keep your dog leashed and away from others.
- ♦ While visiting, always wear a mask and maintain a distance of at least six feet from others. If possible, stay farther apart as wind may carry infectious particles greater distances.
- ♦ Please respect the work of the counters and do not enter their space or touch their equipment.
- ♦ If using the portable toilet, please disinfect the door handles with hand sanitizer as you leave.
- ♦ Please err on the side of caution and thank you for being extra vigilant!
